

Rolling Rates Now Available

In the past, healthcare rates have changed on January 1 of each year, but with Rolling Rates, healthcare rates will change annually, on your selected yearly date. This means you can lock in a great low rate for a full year, putting more money in your pocket now! Along with the benefits of a quality healthcare plan, you'll also enjoy the countless advantages of a partnership with Bond. Plan selection is only a portion of a Benefits Blueprint that Bond will design specifically for your business. The Benefits Blueprint addresses your short term goals while ensuring long term success through a focus on shaping claims and delivering operational efficiencies. With ongoing education, advocacy, compliance, wellness, experienced negotiation and exceptional service to both employers and employees, Bond is more than a traditional broker.

We're a value-added partner.

BOND HELPS YOU:

- Manage trade-offs across all benefits and stay within budget.
- Control costs and improve quality
- Negotiate with carriers
- Understand trends and legislation
- Avoid costly compliance oversights
